ROCKY CREST GOLF CLUB

Rocky Crest Golf Club celebrates the natural features of the Canadian Shield in Ontario's

Muskoka region and was designed by Thomas McBroom.

The seamless routing, views, marshes and abundant wildlife enhance a memorable golf course that has received rave reviews since it opened in May 2000.

ROCKY CREST GOLF RESORT

Situated on the shores of sparkling Lake Joseph, Rocky Crest Golf Resort is a true Muskoka getaway.

A favourite vacation destination for many years, our resort offers comfortable and spacious suites with all the amenities, incredible restaurants, beautiful meeting spaces, access to the fabulous Rocky Crest Golf Club and a whole host of outdoor activities.

THE LAKE JOSEPH CLUB

When it opened in 1997, The Lake Joseph Club caused jaws to drop around the golfing world.

Architect Thomas McBroom utilized the granite crags, towering trees and heaving topography of the incomparable Muskoka region, north of Toronto with such success that the course was named the best new course in the country by Golf Digest.

A nine-hole Academy Course complements its big brother on the shore of picturesque and historic Lake Joseph.

GRANDVIEW GOLF CLUB

Co-designed by PGA Tour veteran Mark O'Meara (1998 Masters and British Open champion) and renowned course architect Brit Stenson, the Mark

O'Meara Course at Grandview opened in 2001. The course is aptly named as it exudes grandness from the moment you arrive.

Greens feature subtle breaks that one does not easily master. Large elevation changes throughout give spectacular views of Fairy Lake. Deciduous forest, granite and marshland are a few other key characteristics.
