The Accessibility for Ontarians with Disabilities Act, 2005 (AODA) became law on June 13, 2005. It builds on progress made under the Ontarians with Disabilities Act, 2001, to create an accessible Ontario by 2025.

Under the legislation, the government of Ontario has developed mandatory accessibility Standards that identify, remove and prevent barriers for persons with disabilities in key areas of daily living. The Standards apply to private and public sector organizations across Ontario.

The Act includes Accessibility Standards in:

- Customer service
- Information and communications
- Employment
- Transportation
- Built environment
